There is a general decline of 25c on all grades of Flour, and we revise our quotations accordingly. Wheat continues in good receipt, and today the offerings amounted to 7314 bushels; the market is a shade firmer, though there is no improvement in prices, and we note sales to-day at 65 to 90 for damaged to fair, and 95-100 for good to choice, most of the sales being from 98 to 102. Corn is 1c lower, and 80 1/2 bushels sold at 55 for white and yellow. 119 bushels of Rye were offered, but withdrawn, and 700 bushels of Oats brought 28 and 30, which is an improvement. Little doing in country produce and quotations remain unchanged.

WEATHER PROBABILITIES.—Sept. 11, 1878. For the Middle Atlantic States colder, partly cloudy and cloudy weather, northeasterly winds, frequent light rains, and stationary or rising barometer.

NEW POSTOFFICES.—The Washington correspondent of the Baltimore Sun says:—
"Two places of historic note were yesterday made postoffices in Virginia. While there are twenty-three Mount Vernon in the United States that are postoffices, the fountain from which the name sprang has been without postal facilities. The subject was brought to the attention of Postmaster General Key a few weeks ago, and it being understood that the lady regarded as the descendant of the place was a connoisseur as well for the business of the Mount Vernon Association as of the neighborhood, arrangements were made for an office there, which was yesterday ordered to be established, with J. McEl. Hollingsworth as postmaster. It is thought that the postoffice there will derive some special revenue from visitors, who will desire to send a letter home direct from Mount Vernon. The Mount Vernon office will be supplied by the Washington and Glymont route, whose steamer carries the Mount Vernon passengers and has the monopoly of landing there. Another postoffice on the same route was also designated yesterday at Gunston. Fairfax county, Va., the former seat of George Mason, the author of the bill of rights of Virginia. Gunston is now owned by a company and a co-operative farm is established there. David L. Finch has been appointed postmaster of the new postoffice. The mails on this route will soon be carried by a new steamer, now nearly ready. On the same route a new office has also been established on the Maryland side of the river at Marshall Hall, in Charles county, with James Little as postmaster."

THE FAIR.—The main building for the coming agricultural fair has now been completed and roofed with tin. The carpenters are now at work putting up the stands, shelving, &c., in the interior.
The stalls and sheds for horses, cattle, &c., are nearly all completed, and a part of the fencing is done.
Space is being rapidly taken up, and those persons who expect to make exhibits should apply at once to the secretary, Mr. J. T. Beckham.
Articles for exhibition will be received and arranged on Monday, the 30th inst.
No intoxicating liquors will be sold on the grounds.
The contract for whitewashing the sheds and buildings has been awarded to Mr. James H. Dagau.
It is understood that the farmers of Prince George's and Montgomery counties, Md., are favorably disposed towards the fair and will probably be represented.

FOR THE SUFFERERS.—The grand dramatic and musical entertainment for the benefit of the yellow fever sufferers will take place at Sarcenia Hall to night. The entertainment will be excellent, and besides the worthiness of the object, for which it is given, will be well worthy of the patronage of the public.
It is proposed to give an excursion on the steamer J. W. Thompson, next Tuesday night, for the same worthy object.
Mayor Kemper to day forwarded to New Orleans a draft for \$200, \$83.28 of which was sent by Rev. J. H. Crenshaw, pastor of the M. E. church South, at Hamilton.
The mayor expects to make another remittance of about \$150 to-morrow to Vickburg, Holly Springs, and Hickman. The donations so far made show well for Alexandria's humanity.

THE SUPPOSED MURDER.—Mr. Murph, a painter of this city, who was at work at Four o'clock on Wednesday last, states that about ten o'clock he saw a man standing on the bluff at the foot distinctly heard cries of "murder" and "help" coming from the river in the direction of this city. The old lady heretofore mentioned is also positive in her statement as to having heard the same cries.

FELL DOWN.—A large coal bin, containing about 400 or 500 tons of coal, belonging to the Midland Road, and situated near the corner of Payne and Duke street, gave way between 12 and 1 o'clock, last night, with a loud crash, which startled the residents in that neighborhood. Many persons thought that a locomotive had exploded her boiler, and considerable alarm was caused, until the reason of the crash was ascertained.

POLICE REPORT.—The following cases have been tried since yesterday:—
Philip Pratt, colored, for assault and disorderly conduct, was discharged for want of evidence.
Virginia Lewis, Fannie Gibson and Rachel Chase, all colored, for being drunk and disorderly on the street, were fined \$3 each, and, in default of payment, sent to the work house.

THE OLD COURT HOUSE.—The committee appointed by the City Council some time since to consult with the county authorities as to the removal of the Court House, will meet to-night in conjunction with Mr. Edmund Burke, who represents the Board of Supervisors of the county. It is proposed to settle the rights of the city and county, in the property, with a possible removal of the Court House in view.

TIL TAPPING.—A colored boy named Coates opened the money drawer at Mr. Kidwell's grocery store, on the corner of Fayette and Prince streets, last evening, and robbed it of a small amount in cash. His mother made him refund the money and he was not prosecuted. Coates has been heretofore punished for petty larceny.

NIGHT-BLOOMING CERES.—A large number of persons visited the residence of Mrs. Hall, on Cameron, near Alfred street, last night, to witness the blossoming of a Night-Blooming Cereus, which showed four flowers, and filled the neighborhood with its perfume. The plant is as yet a small one, but its flowers are unusually large.

FREE SCHOLARSHIP.—There is a vacancy for one free student in the Polytechnic Institute, at New Market, Va., of which Prof. Ben. Hyde Benton is president. Youthful persons desiring to apply can call on R. H. Havenner, Esq., General Superintendent of the W. & O. R. R., for further information.

COURTS.—The Corporation Court adjourned yesterday evening. The United States Circuit and District courts will meet in this city on the 17th inst. The Circuit Court for the city, Judge James Keith to preside, will commence on Monday, September 23.

THE CULPEPER FAIR.—We have received the premium list of the Piedmont Agricultural Society, (printed in Philadelphia,) for their fair, which will commence this year on the 15th proximo and continue four days.

New York, Sept. 11.—The Custom House investigating committee resumed its session to-day. Hon. Fernando Wood was the only member of the committee present.

Sherburne B. Eaton, the counsel of the Chamber of Commerce, was the first to address the committee. Mr. Eaton said that at a meeting of the Chamber of Commerce the following needed reforms, all of which received nearly the unanimous consent of the merchants represented at the meeting, was proposed:—

1. The abolition of triplicate invoices and consular certificates.
2. Goods procured otherwise than by purchase should be invoiced at actual market value at price of exportation.
3. The duties on purchased goods should always be assessed on market value.
4. Oaths to entries to be made before notaries and commissioners.
5. The government to retain in its discretion the whole or any part of an invoice for not more than ten days.
6. The reduction of penal bonds from double the value of the goods to once the value of the goods.
7. Let reappraised goods be bonded.
8. The equalization of the appraisment at the different ports.
9. No duty shall be charged on goods stolen or otherwise lost while in a bonded warehouse.
10. The law for discharging export bonds should be simplified.
11. The total abolition of damage allowances.
12. The payment of duties on certified gold checks.
13. Completion of liquidation of entry within thirty days.
14. The abolition of petty fees including fees for permits and entries.
15. Let there be an additional U. S. Judge in New York for the hearing of customs cases exclusive.
16. The government should pay interest and costs on judgments the same as other defendants.
17. One of the bonds now required where goods are entered for inland transportation should be abolished.
18. A change from ad valorem to specific duties.
19. The abolition of the naval office.

The council then elaborated the points above mentioned.

A YELLOW FEVER HERO.—There is an affectionate head of a family in Memphis who has quarantined himself out of his own house. And while a Howard Association furnishes a nurse for his sick wife and children, and subscriptions are being taken up all over the country to defray the expenses, he thinks it is his duty to take a lively interest in the matter, too. And so with a devotion that should be painted in large letters on a wide board at the head of his grave, he goes every morning and looks over the fence and asks the colored nurse if any of his family have died. It must be touching to see him avoid the windward side of the house when there is a breeze. But he is a firm man, and determined to do his part as long as the Howards furnish him a nurse.

The first exhibition of this association
held on

1st, 2d and 3d of OCTOBER

ON THEIR GROUNDS, ALEXANDRIA,

Five acres, beautifully located at the
end of King street, have been enclosed
and fitted up with one main building, 250 feet
40 feet wide, and 15 feet in height, with
at one end, in which the ladies' and gentlemen's
dressing rooms are on the first floor, and the
directors' and judges' rooms in the second story.

There have also been erected 129 enclos-
ures and stalls, making a continuous line
of 100 feet of shelter for horses, cattle, sheep, swine
and poultry.

There will be an enclosed circle of about
third of a mile, where the action of horse
shows.

Premiums have been offered, amounting
to over
